

# Waist High Handrail Scale

## KEY FEATURES

Heavy duty construction accuracy and reliability – all at an economical price. The welded tubular steel structure of the DS7040 provides a handrail at the ideal height. To ensure patient safety the 800 pound capacity low-profile scale platform is covered edge to edge with a non-skid surface. The patient can grasp the handrail during weighing for additional support when needed.

Moving the scale from room to room is easy. Simply tilt the scale back on the two built-in, non-marking wheels and roll the scale to its new destination. The large diameter foot pads makes sure the scale remains in place when the patient steps on and off the scale.

Doran's exclusive *Weight Lock* feature ensures an accurate weight is displayed regardless of a patient's movements. Our *Reweigh* functionality allows a second weight to be acquired while the patient remains on the platform.

The DS7040 features RS-232 and USB ports allowing the patient's weight and BMI values be sent to an EMR/EHR system.

## SPECIFICATIONS

<b>Warranty:</b>	Two Years
<b>Power Input:</b>	AC Adapter (Included) 100-240VAC, 50/60HZ ULc, ULus, CE 6 AA batteries NOT included
<b>Battery Life:</b>	20,000 Weighments
<b>Maximum Capacity:</b>	800 x 0.2 lb (360 x 0.1 kg)
<b>Accuracy:</b>	+/- 0.5 lb (0.2 kg)
<b>Construction:</b>	Painted Steel with Plastic Trim
<b>Dimensions:</b>	Overall Dimensions 20.5" W x 24" D x 44.5" H  Platform Dimensions 20.5" W x 18" D x 3" H
<b>Display:</b>	1" Tall LCD
<b>Displayed Units:</b>	lb, kg, Units lock feature
<b>Controls:</b>	Units, Reweigh, BMI, Scroll Up/Down and Zero
<b>BMI Calculator:</b>	Input data in FT/IN or CM
<b>Communications:</b>	EMR Ready RS-232 Standard, USB Standard, WiFi Optional
<b>Options:</b>	RS232 Communications Cable USB Communications Cable WiFi Communication International Power Supply
