

# Infant Scale

## KEY FEATURES

Designed for portability and accuracy, the DS4100 is the perfect choice for a traveling nurse or a pediatric office. Light enough for visiting nurses, yet stable and reliable enough for busy pediatric or family practices. Extremely affordable, the DS4100 also includes features you only expect to see in far more expensive scales.

Our *Weight Lock Technology* ensures weight is quickly locked-on and displayed. The unit's smart design with one-piece construction allows for easy cleaning and sanitation. Like all Doran products, you can expect excellent performance for many years

- Large platform measuring 25" L x 11" D with curved sides for infant safety
- Lightweight and portable with exceptional build quality
- Battery or AC power for continuous operation
- *Reweigh* feature allows the infant to be weighed again without removing the infant from the scale
- Quickly switch between lb:oz or kg
- EMR ready with USB port
- Rubber feet to maintain stability
- *Units Lock* feature – This allows the user to lock in the desired unit
